

# ALEJANDRO RAMOS SÁNCHEZ

## FULL STACK WEB DEVELOPER

+34 672 34 87 56 • [alexrnsnchz@gmail.com](mailto:alexrnsnchz@gmail.com) • [in/alejandrorsnchz](https://in/alejandrorsnchz) • [github.com/Alexrnsnchz](https://github.com/Alexrnsnchz) • [alexrnsnchz.dev](https://alexrnsnchz.dev)

Experienced web developer focused on building modern web applications with an emphasis on performance, efficiency, and clean code, while maintaining a strong sense of visual design.

## PROFESSIONAL EXPERIENCE

---

### Full Stack Web Developer

Magical Analytics | May 2025 - August 2025

- I collaborated on the development of an application for managing team vacations, streamlining the process and reducing manual tasks by over 50%.
- I developed a REST API using Spring Boot to handle data exchange between the vacation management application and the database.
- I optimized emails, landing pages, and campaigns in Hubspot, resulting in an increase in lead conversion.

### Full Stack Web Developer

Ruano Informática | March 2024 - June 2024

- I developed an internal application for managing courses, users, and the issuance of training certificates, reducing administrative time and minimizing manual processes.
- I implemented automated tests for the API endpoints, reducing the likelihood of errors by 60% and improving code stability.
